Spilimbergo e Sachsenburg, premiato il gemellaggio

Il progetto è uno degli otto che hanno vinto il bando promosso da Aiccre Fvg

**08 novembre 2021**

Rafforzare le relazioni con la cittadina austriaca di **Sachsenburg** e le sue istituzioni, puntando in particolar modo ai più giovani. E' questo lo spirito del progetto lanciato dall'amministrazione di **Spilimbergo** e premiato da **Aiccre**, l'associazione delle Regioni e dei Comuni d'Europa.

Il gemellaggio tra la cittadina del mosaico e la realtà carinziana alle porte di Spittal an der Drau è tra gli otto

Soddisfazione per l'esito del bando è stata espressa dal presidente di Aiccre **Franco Brussa**. "Contavamo molto sulla partecipazione al concorso di una realtà come quella di Spilimbergo che, con la sua storia e la cultura del mosaico, è famosa in tutto il mondo e può dare un'impronta unica ai gemellaggi nel segno dell'Europa dei popoli", ha commentato al proposito Brussa.

Già per la prossima primavera, covid permettendo, sono in agenda degli incontri tra le due delegazioni, con una visita a Sachsenburg ricambiata poi in Friuli dai residenti della Bassa Austria.
